GOLF CART

T-BUGGY

Innovation, Style, and Autonomy

Founded in 2023 in San Sebastián, T-BUGGY is setting a new era in sustainable mobility with Spain's first luxury street-legal golf cart. Designed for leisure and golf, T-Buggy combines modern style with advanced technology to offer a unique experience. This electric, connected, and autonomous golf cart is ideal for golf courses, resorts, theme parks, villages, university campuses... providing driverless movement with its ADAS system (featuring radar, LiDAR, cameras, GPS, sensors, and more) for maximum safety and comfort.

The connectivity system includes vehicle fleet management and an entertainment system connected to the control tower. It includes a touch screen display with Android Auto and CarPlay app.

T-Buggy is versatile, efficient, and environmentally friendly, thanks to its electric system and optional solar power. Available in various colors and styles, its design allows you to enjoy any environment safely and elegantly. They can be registered!
